WINE FESTIVAL

4 - 5 JUNE 2019

at Summer Place, Sandton, South Africa

The Juliet Cullinan Standard Bank Wine festival - the most exclusive and longest running wine festival in South Africa

Uniquely tailored to showcase the industry's premier names, the Juliet Cullinan Standard Bank Wine festival is the most exclusive, longest running wine festival in South Africa. Quality wineries and special vintages are guaranteed.

"Our philosophy has always been to showcase limited parcels of exceptional wines which portray a 'sense of place'. It is a vitrine of the Cape's finest cellars –handpicked for their superiority and distinction. These wineries have excelled, which accounts for the success and continued popularity of South Africa's most coveted annual celebration."

Our 19-year sponsorship with Standard Bank confirms their dedication to the South African industry, and our success at satisfying palates and stimulating the appreciation of wine. Together we have built our reputation on continuity and a commitment to offer an optimum experience for both winery and taster.

The Juliet Cullinan Standard Bank Wine Festival is the ideal forum for unsurpassed social interaction between wine aficionados and gifted cellar masters. Life-long friendships are forged.

"This year should be our best yet as select boutique wineries present innovative labels at the gracious venue of Summer Place in Sandton.

Our wine masters relish sharing their limited production labels and discussing varieties and vintages. Meeting the face behind the label elevates the journey from the vine to your cellar.

As all the wineries are handpicked, The festival is more about style preferences than quality as *every* bottle shows distinction.

The evening offers an experience of a lifetime. **Tickets are available online from [Webtickets](#) for R220 and R240 at the door.**

We invite you to join us for an entertaining and social evening to appreciate the delicate nuances in each wine.

I look forward to welcoming you to our 29th annual wine festival.
