MÉZES MÁLY – GREAT 1st GROWTH TOKAJI FURMINT DRY 2023

Mézes Mály is one of just two vineyards classified as a Great First Growth. Its volcanic bedrock is overlaid with deep loess soil, giving elegance, finesse and floral notes to its wines. Royal Tokaji owns 11 of its 19 hectares, facing south with views to the Great Plain in the distance.

2023 was an outstanding vintage with precise balance, elegance and power in the dry wines, and unbelievable richness in the sweets.

Mild weather with good precipitation created ideal conditions for harvest especially for those producers who managed their vineyards to the highest standards. We achieved high quality by picking our grapes at the optimum moment, enabling perfect balance.

After harvesting the Furmint grapes, whole bunches were pressed and fermented in Zemplén oak barrels. After fermentation the wine was matured for ten months in oak (of which 20% new barrels).

Mézes Mály Furmint is a sleek, concentrated wine with elegance and a subtle floral character - hints of spice, and plenty of white peach and apricot fruit all balanced by refreshing, crisp acidity and a lingering finish.

Serve at a cool temperature with Asian food, white meats, fish and pasta dishes.

Alcohol: 13,5 %

Sugar: 1 g/l

Acidity: 6,1 g/l

Bottling date: September 2024

Grape variety: Furmint

1 559 bottles of 75 cl produced
